

How to Make a Friend

When you see someone sitting alone,
don't just walk away.

Say, "Hello!"
"What's your name?"
Want to play in our game?"

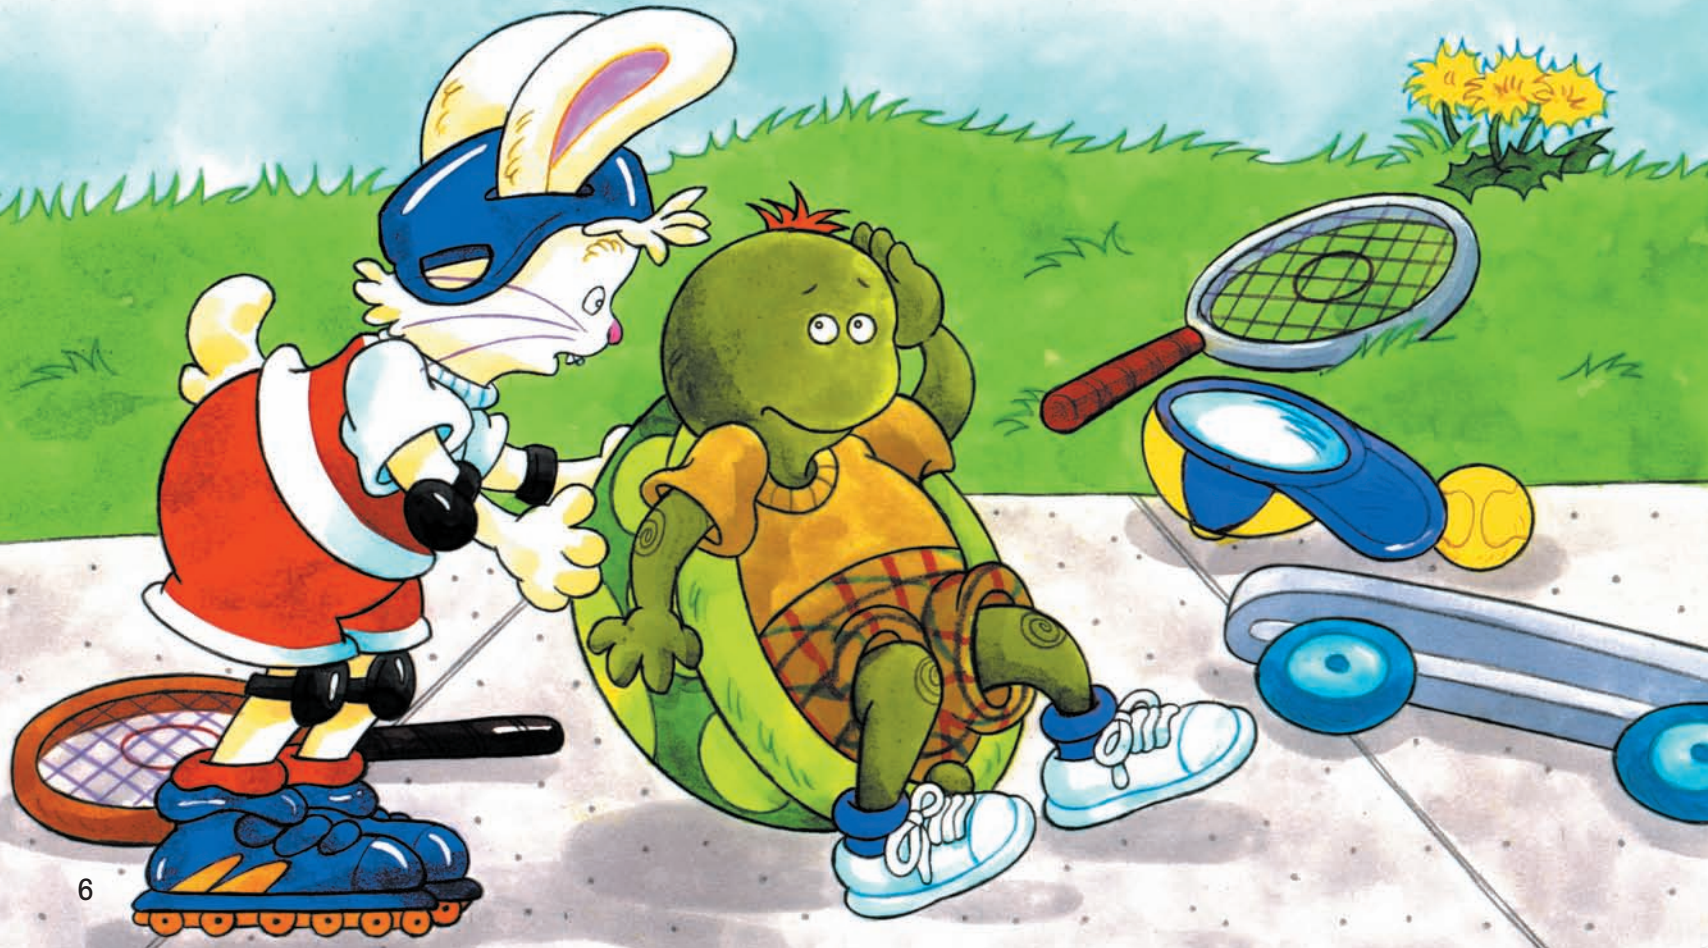

And that's how you make a friend.

If you see someone trip and fall,
don't just walk away.

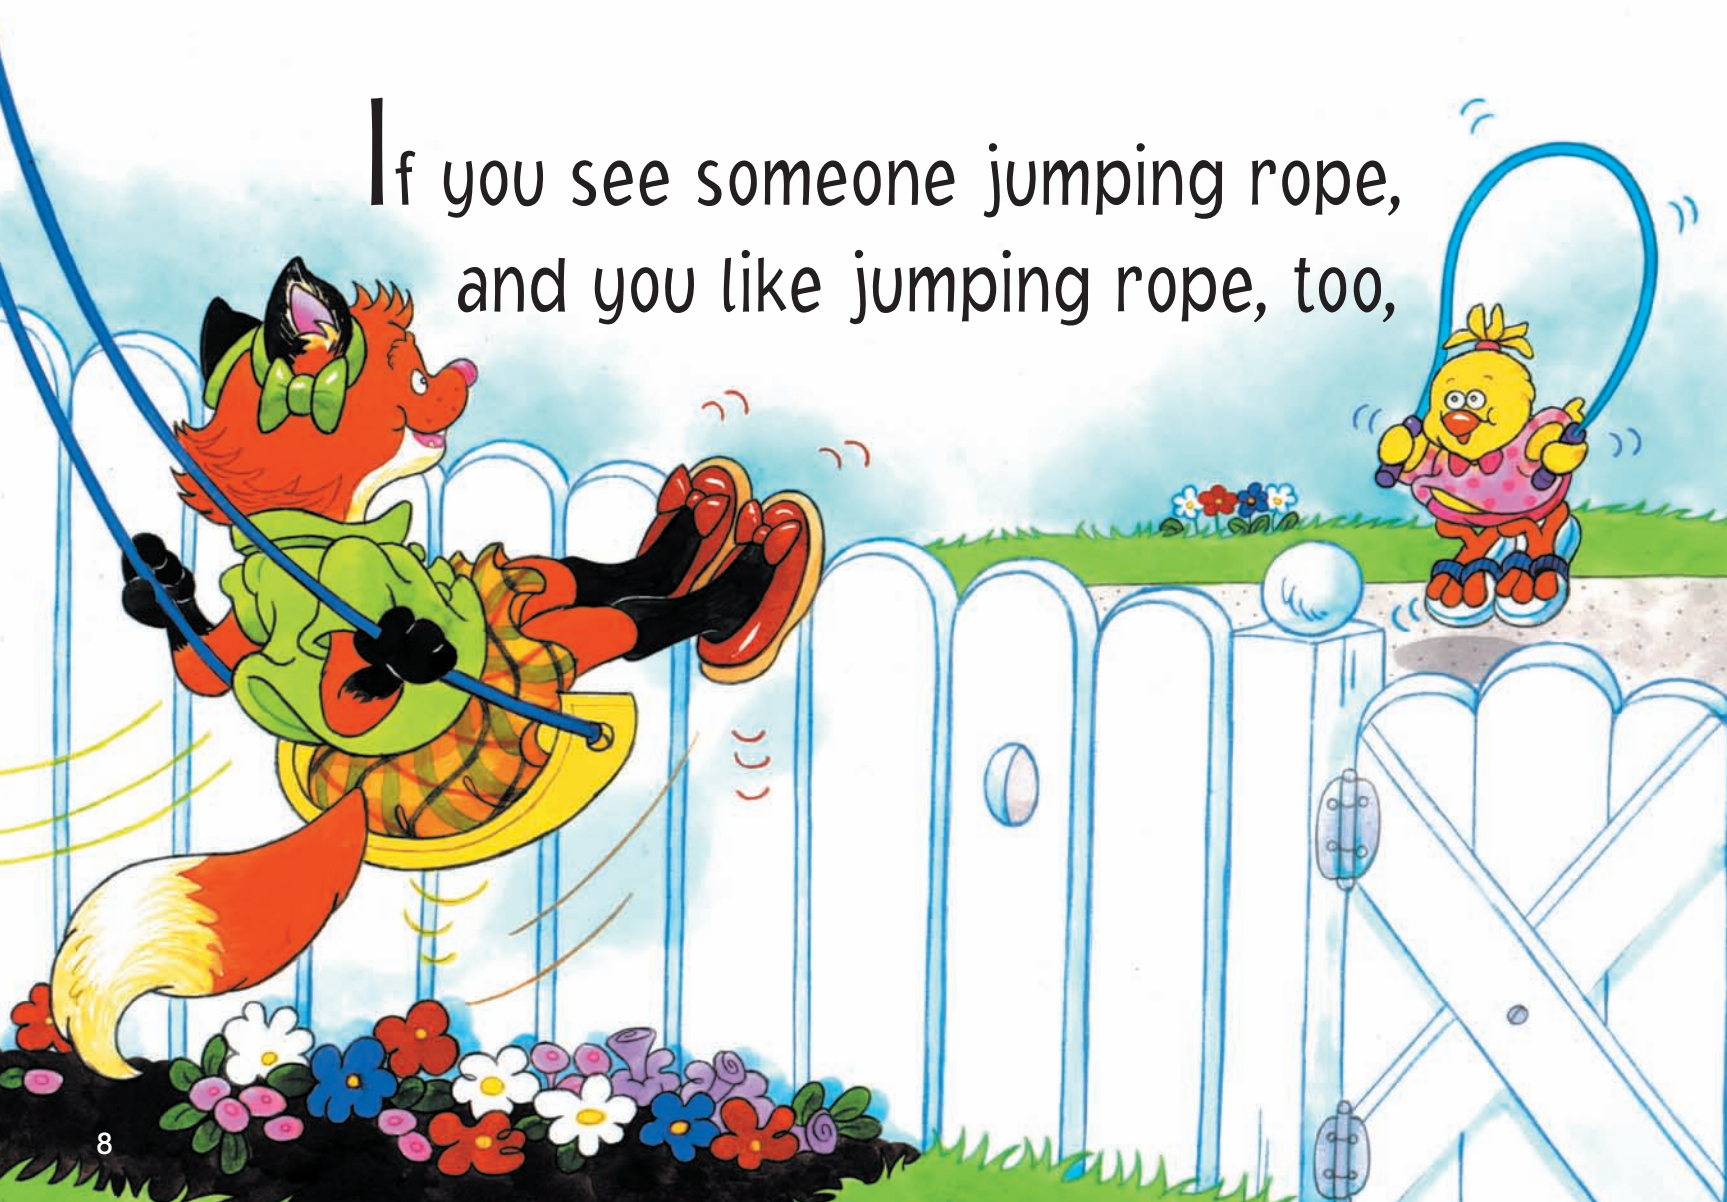

Run right over and help him up.
Brush him off and pick up his stuff.

And that's how you make a friend.

If you see someone jumping rope,
and you like jumping rope, too,

skip right over and jump along.
Together make up a jump-rope song.

And that's how you make a friend.

If you see someone get shoved or pushed,
don't just walk away.

Do what you can to stop the fight.
Talk it over to make it right.

And that's how you make a friend.

Be a nice person.
Do the right thing.
Follow the Golden Rule.

Always be honest, helpful, and fair.
Show by your actions how much you care.

And that's how you keep a friend.
